**PolySource** delivers both time and cost savings by supplying the widest range of Safety and Engineering Polymer Products. Our 30 years Technical Management in a wide range of Industries guarantees you the right product. First-rate Quality, Technical Expertise and Product Range mean customers have the best of everything in one supplier.

## Heavy Industries – Mining

The Mining Industry needs durable parts to extend equipment life.

- Conveyors
- Fenders and Rollers
- Impact Beds
- GRP Floor Grating and Profiles
- Dust and Noise Suppression Panels
- Linings for Chutes and Containers

## Municipal – Health

Communities need safer hospitals and recreational facilities

- Safety Rails and Protective Barriers
- Corridor Protective Fenders
- Hospital Bed Wheels, Bump Fenders
- High Impact Reception Windows
- High Temperature Tubing
- Noise Reduction and Thermal Insulation
- Rollers, Casters and Wheels
- Equipment Custom Parts
- Conveyor Systems

*“PolySource reduces the stress of find the right safety and engineering parts. First rate quality and engineering knowledge.”*

## Civils – Architectural

**PolySource** reduces project costs by reducing vendors, with its wide range of Anti-slip flooring and engineering products. Eliminate hiring costs!

- Safety Stair Edges, Anti-Slip Floor Studs and Mats
- Temporary Site Fencing and Fence Blocks
- Equipment Wear Parts
- Vandal Resistant Barriers and Windows
- Pipework Fabrications
- Lake Cleaning Fountain-Aerators

## Products & Services

- Safety Anti-Slip Products for Commercial and Industrial
- Steel, Teflon, Kevlar and GRP Composite Products
- Engineering Rubber, Polyurethane, and Tough Plastic Parts
- Contract Development of New Materials and Designs
- Materials Handling Equipment, Conveyors & Components
- Supply and Install

## Manufacturing – Safety

**PolySource** products make operations safer, healthier, and more efficient.

- Pallet Jacks, Drum Lifters
- Anti-Slip Stair Edges and Mats
- Duct and Chute Liners
- Rollers, Wheels and Casters
- Machine Guards, Battery Covers
- Rubber Sheeting, Gaskets
- Teflon and Kevlar High Temperature Products

## Transport – Road, Rail, Air

**PolySource** knows how to save weight and protect moving parts.

- Metal Replacements
- Chassis Packers
- Rope and Strap Guides
- Pressure and Suction Hoses
- Chute Liners and Splash Curtains
- Mud Flaps
- Wheel Chocks
- Crane Foot Pads
